OBITUARY

The many relatives and friends of Marquette Augustine Wynne were deeply grieved to learn of his death at a local hospital the morning of August 18th following an operation for appendicitis. The funeral was held at St. Mary's church, August 20, Rev. Father Mulvey officiating at the Requiem mass, and interment was made at Riverside cemetery.
Mr. Wynne was the youngest son of Mrs. Mary Winn of this city, and a brother of the Misses Margaret, Mary, Catherine, Julia, Barbara and Mabel Wynne of Detroit, Mrs. George McLaughlin, Mrs. Frederick Bell, Mr. James Edward and Thomas E. Wynne of Alma.
The deceased was a former student of Alma high school and the business department of Alma college. While still a boy he was attracted to the Pacific coast where he spent a great part of his time until the outbreak of the war in 1914 at which time he

enlisted with the Canadian Engineers. December 19, 1918, he received his discharge at St. John's, Quebec, and returned immediately to his home in this city where he has lived since that date.

Mr. Wynne was the possessor of a charming and lovable disposition which doubly endeared him to his family and friends. He had maintained throughout his travels in many lands the utmost purity of mind and honesty of purpose. The loss of such a son and brother will be keenly felt by the sorrowing family.

Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50
